

# Imperva Professional Certification Program

V4.0 06-21-22

## Expertise in Security and Compliance

In the ongoing effort to keep critical data and applications secure and ensure data centers maintain compliance in the face of ever-changing global requirements, companies choose Imperva solutions. Imperva Security Professionals are in-demand experts in architecting, deploying and administering our industry-recognized “Best-in-Class” Imperva products.

## Imperva Professional Certification Requirement

The Imperva Professional Certifications are awarded to Imperva partners and customers. The three certifications are:

- Imperva Data Security Certification (IDSC)
- Imperva Application Security Certification (IASC)
- Imperva Cloud Security Certifications (ICSC)

**imperva**  
**Certification**  
**Badging Program**

Imperva Cloud Security Certification (ICSC)
<b>Training Pre-Requisites:</b>
Cloud Web Security Administration 1-day Instructor-led Imperva Cloud Security Certification (ICSC) exam 60 minutes, 30 questions

## Imperva Security Certifications

The Security certifications are designed to validate both knowledge and practical skill in deploying, hardening and administering Imperva Security platforms. In some cases, individuals can demonstrate mastery of the certification exams without prior training. Students can demonstrate mastery through years of experience using the platforms, by:

- Providing services engagements to Imperva customers
- By serving as a mentor to other professionals in the use of Imperva solutions

If you feel you fit into one of these categories, you can consider attempting the exam without completing the prerequisites. In this case, we provide you the option to attempt the certification exam only one time. If you should fail your first attempt, we will require you to complete the prerequisite training.

The following are recommended pre-requisites to the security certification exams:

- Attendance of pre-requisite courses, as shown in the table above.
- Please request a quote to order these classes and certification exams through your sales representative. An Imperva Service Order Number (SRV#) will be provided.

OR

- Attendance of pre-requisite courses, as shown in the table above.
- Purchase of the exams and/or courses can be made via Credit Card payment in Imperva University.

Six months practical experience in implementation, administration and support is recommended, and successful completion of the corresponding pre-requisites.

\*Additional training is available with our Annual On-Demand subscription library. See our Training Catalog for more details.

## Certification Exam Experience & Requirements

Imperva certification candidates are expected to demonstrate the highest ethical standards. Candidates are trusted to take the exams themselves using their own acquired knowledge and skills. No exam questions or documents are permitted to be screen-captured, copied, or shared.

The Security certification exams are timed, multiple-choice and taken on-line through Imperva University. It covers theory, concepts and information on how the Imperva product is architected, deployed, and administered. The exam covers information learned in the pre-requisite courses.

Passing: A score of 75% or higher.

Exam Attempts Permitted: One (1)

An extra exam attempt is available with voucher. See your sales representative or Imperva University for more information.

Feedback: As a certification exam, no feedback other than the score at the end of the exam is given. Exam responses cannot be downloaded. Exam scores and certificates are available in your training transcripts on Imperva University.

For additional information on certifications, certification payment and certification attempts, please refer to Imperva Terms and Conditions when registering for your certification exams.

## Additional Training Resources

Aside from instructor-led training, we offer an elearning library which is designed to supplement learning whenever you seek additional knowledge or to enhance your skills. This library is incorporated into other training bundles to offer a hybrid-learning approach, so getting that certification is easier and adjusts to your time.

Please see our [training catalog](#) from our website for more information.
