

# Discover your APIs BEFORE BAD BOTS DO!

**71%**  
API web traffic

API traffic is surpassing  
normal web traffic

**20%**  
of API  
attacks  
targeted  
financial  
services

Know  
where your  
APIs are  
and protect  
your most  
high-risk  
APIs

An average of

**613**   
**APIs** are discovered  
per account

Application  
modernization  
is driving a  
surge in APIs

**1.5B**   
Average annual number of API calls

DevOps are  
deploying  
APIs  
faster than  
security  
can keep up with

**30%** 

of all Bad Bot attacks target APIs  
APIs are pushed to production with design  
flaws making them vulnerable to  
automated attacks or Bad Bots

Discover your APIs BEFORE BAD BOTS DO!
